Dear Hennessy Advisors Shareholder:

As I reflect on our fiscal year 2017, I am struck by how resilient the U.S. financial markets have been in the face of so much turmoil. Companies were faced with political uncertainty here at home and geopolitical risk around the world, and they weathered a record number of natural disasters. Locally, here in California, we started the year with unprecedented flooding and ended the year with some of the most devastating wildfires in our state's history. There were, however, some positive moments, as the New England Patriots won Super Bowl LI in a great comeback overtime victory, our Golden State Warriors regained their NBA title after last year's heartbreaking championship loss, and the Apple iPhone turned 10 years old.

U.S. stocks performed well in the first year of our new administration, and, ignoring the debate and the bluster, investors have continued to focus on what concerns them the most – tax reform, deregulation, and the hope of an increase in infrastructure spending down the road. Investors have also remained calm in the face of escalating tensions with North Korea, whose leader appears intent on mastering a nuclear capability strong enough to threaten the continental United States.

I believe we must give much of the credit for the resiliency in the equity market over the last 12 months to the strength of the U.S. economy, which has continued to grow at a steady rate of almost 2.5% on an annualized basis. Companies have added over 150,000 jobs per month on average this year, and the current unemployment rate of 4.1% is the lowest it has been in 17 years. Consumer confidence is high and still rising, and corporate earnings have been growing. The Federal Reserve has been raising short-term interest rates, but in the absence of a significant acceleration in inflation, has been able to keep the pace of increases very gradual.

Business Model and Financial Results

Here at Hennessy Advisors, we remain committed to our proven business model of focusing on strategically acquiring assets while continuing to generate organic growth. We are pleased to report that Hennessy Advisors once again produced record-breaking results in fiscal year 2017. Average assets under management, upon which fees are calculated, reached \$6.6 billion, an increase of \$238 million or 3.8% compared to fiscal year 2016, which drove increases in revenue, net income, and earnings. Fully diluted earnings per share were \$1.92, an increase of 3% from the prior fiscal year's earnings per share of \$1.86. Revenue for the fiscal year totaled almost \$53 million, an increase of 3% over the prior year.

In May 2017, we announced the signing of a definitive agreement to purchase the assets related to the management of the Rainier U.S. Funds. Upon completion of the transaction, shareholders of the Rainier U.S. Funds will become shareholders of the Hennessy Funds, with the assets related to the Rainier Mid Cap Equity Fund and the Rainier Small/Mid Cap Equity Fund merging into the Hennessy Cornerstone Mid Cap 30 Fund and the assets related to the Rainier Large Cap Equity Fund merging into the Hennessy Cornerstone Large Growth Fund. In November, shareholders of the Rainier Large Cap Equity Fund and the Rainier Mid Cap Equity Fund voted in favor of the agreement, and, as a result, the reorganization of these funds was completed in early December. This portion of the acquisition represents approximately \$122 million in assets, bringing total assets managed by Hennessy Advisors to approximately \$6.9 billion.

The Special Meeting of shareholders of the Rainier Small/Mid Cap Equity Fund, the last remaining Rainier U.S. Fund, has been adjourned to December 26, 2017. Pending shareholder approval, the Rainier Small/Mid Cap Equity Fund will be reorganized into the Hennessy Cornerstone Mid Cap 30 Fund in mid-January 2018.

This year, on January 26, 2017, our Board of Directors also declared a three-for-two stock split, which was effected on March 6, 2017, in an effort to improve the liquidity of our shares in the public market.

I am also very proud that since early 2005 we have consistently been able to return capital to our shareholders in the form of a dividend, rewarding the confidence of our loyal shareholders. This fiscal year, we increased the quarterly dividend by 25% to \$0.067 per share on October 31, 2016, and then, on May 1, 2017, we increased the dividend again, this time by 12% to \$0.075 per share.

Investment Performance

An important element of our business model is the long-term performance of our mutual funds. Each of our 14 mutual funds posted positive returns over the one-, three-, five-, and 10-year periods ending September 30, 2017. Ten of our 14 mutual funds were rated 5, 4, or 3 stars by Morningstar for investor share classes. Across all classes and all of our funds, 83% of our assets under management were in fund classes rated 5, 4, or 3 stars, with 74% being held in 5-star or 4-star fund classes as of September 30, 2017.

Distribution and Marketing

Once again, our strong financial performance was complemented by investment management and marketing achievements. The Hennessy Gas Utility Fund won the 2017 Lipper Fund Award for 10-year risk adjusted performance, which marks the sixth consecutive year this fund has received a Lipper Fund Award. Our funds also received national recognition for being best-in-class from Fidelity, Schwab, Barron's, Kiplinger, and The Wall Street Journal. Our marketing team won six 2017 Mutual Fund Education Alliance (MFEA) STAR Awards for excellence in communications, including the best "Overall Advisor Communications" honor among companies with assets under management of below \$10 billion. With this year's awards, Hennessy has earned a total of 30 MFEA awards over the past nine years.

The Future

I have written many shareholder letters in the nine years since the market bottomed in the early months of 2009, and I still remain confident that this bull market has room to run. Overall, investment fundamentals are strong. Corporate earnings are growing at a healthy rate, and companies are generating excess cash flow. The economy continues to grow at a steady pace, but, in my opinion, not so fast that it risks fueling the inflation rate, which remains below 2%. I believe that this low inflation has allowed the Federal Reserve to raise rates very slowly. If our government leaders can pass a meaningful tax reform bill and continue efforts toward regulatory relief, it would be icing on the cake for equities.

Meanwhile, I believe stock valuations, while higher than a year ago, are still reasonable. At the peak of the technology, dot-com bubble, U.S. equities sold at much higher multiples across the board than they do today, while bond yields were also much higher. In June of 1999, the Dow Jones Industrial Average sold at 28x earnings and the 10-year long bond yield was close to 6%. Today, the Dow is selling at under 20x earnings and is offering a 2.2% dividend yield, on par with the yield of the 10-year government bond at 2.4%.

And even though the bull market is in its ninth year, there are still no signs of "euphoria." Bartenders are not whispering stock tips into the ears of their best customers. Human resource managers are not quitting their jobs to become day traders. I do think we could see a 5-10% correction, but I think the market would then bounce right back. This bull market has experienced several such corrections over its life span, and yet it has always recovered.

All of us at Hennessy Advisors look forward to strengthening every aspect of our firm in the year ahead. We will advance and refine our marketing and distribution efforts, strive to deliver top-tier investment results, and continue to search for strategically attractive acquisitions. We are fortunate to have a motivated and talented team to focus on our business and our shareholders, as well as a respected Board of Directors to help guide this company today and into the future. We believe that by diligently pursuing our business strategy, we can continue to provide value to our shareholders.

Thank you for your continued confidence and investment in Hennessy Advisors. If you have any questions or would like to speak with us directly, please don't hesitate to call us at (800) 966-4354.

Sincerely,

Neil J. Hennessy
President, Chairman, and CEO

PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JANUARY 25, 2018

This proxy statement and the enclosed form of proxy are first being sent to shareholders of Hennessy Advisors, Inc. (“Hennessy Advisors,” the “company,” “we,” “us” or “our”) on or about December 15, 2017, in connection with the solicitation by our board of directors of proxies to be used at the 2018 annual meeting of shareholders. The meeting will be held on Thursday, January 25, 2018, at 6:30 p.m., PST, at StoneTree Golf Club, 9 StoneTree Lane, Novato, California 94945 (business casual recommended).

The board of directors has designated Neil J. Hennessy and Teresa M. Nilsen, and each or either of them, as proxy agents to vote the shares of common stock solicited on its behalf. If you sign and return the enclosed form of proxy, or give your proxy by calling toll-free (800) 652-8683 (if calling within the United States) or by voting over the Internet at www.investorvote.com/HNNA, you may nevertheless revoke your proxy at any time insofar as it has not been exercised by (1) giving written notice to our corporate secretary, (2) delivering a later dated proxy, or (3) attending the meeting and voting in person. If your shares are held in “street name,” by your broker, fiduciary, custodian or other nominee, you may vote your shares in person at the annual meeting **ONLY** if you bring a legal proxy to the annual meeting. You must request this legal proxy from your bank or broker as indicated on the proxy card as they will not automatically supply one to you. The shares represented by your proxy will be voted unless the proxy is mutilated or otherwise received in such form or at such time as to render it not votable.

VOTING SECURITIES

The record of shareholders entitled to vote was taken at the close of business on December 1, 2017. As of December 1, 2017, we had outstanding and entitled to vote 7,803,000 shares of common stock, no par value. Each share of common stock entitles the holder to one vote. Holders of a majority of our outstanding common stock must be present in person or represented by proxy to constitute a quorum at the annual meeting. Abstentions and “broker non-votes” (explained below) are counted as present for purposes of determining a quorum.

If you are a record holder (you own your common stock in certificate form), you may vote by marking your vote on the enclosed proxy card and then signing it, dating it, and mailing it in the postage-paid envelope we have provided. Alternatively, you may vote by calling toll-free (800) 652-8683 (if calling within the United States) or by voting over the Internet at www.investorvote.com/HNNA. If your shares are held in “street name” by a broker, nominee, fiduciary or other custodian (collectively referred to herein as a “broker”), follow the directions given by your broker regarding how to instruct them to vote your shares. Your broker may permit you to vote by the Internet or by telephone. Whether or not you plan to attend the annual meeting, we urge you to vote your shares now.

Brokers holding shares of common stock for beneficial owners in “street name” must vote those shares according to any specific instructions they receive from the beneficial owner of the shares. However, brokers have discretionary authority to vote on “routine” proposals, like the vote to ratify the selection of the independent registered public accounting firm, which means that a broker may vote on behalf of a beneficial owner in the broker’s discretion if the beneficial owner does not provide specific instructions to the broker. In the case of “non-routine” proposals, like the election of directors, a broker may not vote on such proposals unless it receives specific instructions from the beneficial owner. A “broker non-vote” occurs when a broker does not vote on a particular proposal because the broker does not have discretionary voting authority for that

particular proposal and has not received specific instructions from the beneficial owner or otherwise does not vote. **Under the applicable rules, if you hold your shares through a broker and do not instruct your broker how to vote with respect to Proposal 1, your broker will not vote with respect to such proposal.**

For the election of directors, assuming a quorum is present, the director nominees that receive the highest number of votes, up to the number of directors to be elected, shall be elected. Abstentions and broker non-votes are not counted as votes “FOR” or “AGAINST” a director nominee and will have no effect on the outcome of the election.

For the ratification of the selection of the independent registered public accounting firm, assuming a quorum is present, the vote required is the affirmative vote of the majority of the shares represented at the meeting and entitled to vote on the proposal. Abstentions will have the same effect as a vote “AGAINST” this proposal. We do not expect any broker non-votes on this proposal because brokers have discretion under applicable rules to vote uninstructed shares on this proposal. In any event, broker non-votes will have no effect on the outcome of this proposal.

The following table shows information relating to the beneficial ownership as of December 1, 2017, of (1) each person known to us to be the beneficial owner of more than 5% of our common stock, (2) each director, (3) each of the executive officers named in the summary compensation table elsewhere in this proxy statement, and (4) all directors and executive officers as a group. Except as otherwise indicated, the shareholders listed exercise sole voting and dispositive power over the shares. The mailing address for all individuals listed in the following table is c/o Hennessy Advisors, Inc., 7250 Redwood Boulevard, Suite 200, Novato, California 94945.

PROPOSAL 1 ELECTION OF DIRECTORS

At the meeting, nine directors will be elected to serve for one-year terms, until their respective successors are elected and qualified. The board of directors has nominated, upon the recommendation of the nominating committee, each of our nine current directors to stand for reelection. Directors will be elected by a plurality of votes cast by shares entitled to vote at the meeting.

Proxies will be voted, if authority to do so is not withheld, for the election as directors of each of the board's director nominees. Each director nominee is presently available for election, and has consented to being named in this proxy statement and to serve, if elected. In the unanticipated event that any director nominee becomes unavailable, the persons voting the accompanying proxy may, in their discretion, vote for a substitute.

Our board of directors recommends a vote "FOR" the election of each of its director nominees. Proxies solicited by the board will be so voted unless shareholders specify in their proxies a contrary choice.

The information presented below for our incumbent directors includes information that each director has given us about his or her age, all positions he or she holds, his or her principal occupation and business experience for the past five years, and the names of other companies, some of which are publicly held, of which he or she currently serves as a director or has served as a director during the past five years.

In addition to the information presented below regarding each nominee's specific experience, qualifications, attributes, and skills that led our board to the conclusion that he or she should serve as a director, we also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. They each have demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to the company and our board.

Hennessy (age 61) has served as chairman of the board, president, and chief executive officer of Hennessy Advisors since 1989 and as a director and portfolio manager of our mutual funds since 1996. Mr. Hansel served as a director of the Bank of Petaluma from its organization in 1987 until it was sold in 2002. Mr. Hansel earned a bachelor of science degree in economics from the University of Santa Clara. Mr. Hansel's experience with running a large and economically cyclical business provides him with excellent financial statement and operational knowledge. His corporate business experience, combined with his attentive and thorough service as a director over the years, allows him to provide the board with valuable recommendations and ideas.

Brian A. Hennessy (age 64) has served as a director of Hennessy Advisors since 1989 and as a director of our mutual funds from 1996 to 2001. Dr. Hennessy earned a bachelor of science in biology from the University of San Francisco and a D.D.S. from the University of the Pacific. navigate many business-related issues, making him a valuable source of knowledge to us. This, combined with his prior service as a director of our mutual funds, has provided him with a solid understanding of the company and the industry in which it operates. Dr. Hennessy is the brother of our chairman of the board, Neil J. Hennessy.

Mr. Libarle employs his decades of experience on various boards and audit committees in the financial services industry to lead and guide our audit committee. He has extensive knowledge in reading and analyzing financial statements, and his role as a business owner also provides him with the operational knowledge to anticipate and mediate business-related issues.

Rodger Offenbach (age 66) has served as a director of Hennessy Advisors since 2001 and served as a director of our mutual funds from 1996 to 2001. Mr. Offenbach was the owner of Ray's Catering and Marin-Sonoma Picnics from 1973 to 2010. Mr. Seavey's experience working for a large corporation, where he led worldwide marketing campaigns, provided him vast knowledge of the business world. His experience has sharpened his financial and operational knowledge, and he brings these assets to our board of directors in a relatable, effective way. This, combined with his diligent and focused service as a director of our company over the years, has provided him with an excellent understanding of the company and the industry in which it operates, making him a valuable resource to our board.

CORPORATE GOVERNANCE

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 (the “Exchange Act”) requires executive officers, directors, and 10% shareholders to file reports of initial ownership of our common stock (on Form 3) and changes in such ownership (on Form 4) no later than the second business day after the date on which the transaction occurred, unless certain exceptions apply. Most transactions not reported on Form 4 must be reported on Form 5 within 45 days after the end of the company’s fiscal year. Based upon a review of Forms 4 and 5 filed with the Securities and Exchange Commission (the “SEC”) and information provided to us by our directors and officers during fiscal year 2017, we believe all required reports were filed on a timely basis.

Director Attendance

Our board held four regular meetings and two special meetings during fiscal year 2017. All directors attended at least 75% of all meetings of the board and board committees on which they served during fiscal year 2017.

We do not have a formal policy requiring directors to attend annual meetings of shareholders. However, because the annual meeting generally is held on the same day as a regular board meeting, we anticipate that directors will attend the annual meeting unless, for some reason, they are unable to attend the board meeting on the same date. All directors attended the 2017 annual meeting of shareholders.

Director Independence

The board determined that all of our directors are independent under NASDAQ rules, except for Neil J. Hennessy, Teresa M. Nilsen, Daniel B. Steadman, and Brian A. Hennessy. The NASDAQ rules include several objective tests, as well as a subjective test, for determining who is an “independent director.” The subjective test requires that the board affirmatively determine, after reviewing all relevant information, that a director does not have any relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The board has not established categorical standards or guidelines to make this subjective determination, but considers all relevant facts and circumstances.

All of our directors other than Neil J. Hennessy, Teresa M. Nilsen, Daniel B. Steadman, and Brian A. Hennessy qualified as “independent” under the objective tests. The Board then reviewed and discussed additional information provided by the directors and the company with regard to any transactions, relationships, or arrangements that each such director had with the company during the three years prior to the independence determination. Matters reviewed included commercial and charitable transactions, relationships, and arrangements, of which none were deemed by the board to be material. Based on this review, the board made a subjective determination that no relationships exist that impair the independence of such directors.

Board of Directors and Standing Committees

The board of directors has established three standing committees: an audit committee, a compensation committee, and a nominating committee, each of which is described below. Members of these committees are elected annually, generally in the winter. Each committee has a written charter that is approved by the board of directors and reviewed for adequacy on an annual basis. Committee charters are available on our website at www.hennessyadvisors.com.

Audit Committee. The audit committee presently is composed of Daniel G. Libarle (Chairman), Henry Hansel, and Thomas L. Seavey, all of whom are considered independent under NASDAQ rules. The audit committee met four times during fiscal year 2017. The principal responsibilities and functions of the audit committee include reviewing our internal controls and the integrity of our financial reporting, approving the

employment and compensation of and overseeing our independent auditor, and reviewing the quarterly reviews and annual audit with the auditor.

Our board of directors has determined that Daniel G. Libarle, who has served as Chairman of our audit committee since 2001, is an audit committee financial expert, as defined in the rules and regulations of the SEC, and is independent as defined by SEC and NASDAQ rules. Our board based its determination on the fact that Mr. Libarle has extensive experience evaluating financial statements prepared in accordance with generally accepted accounting principles and has also acquired an understanding of internal controls, procedures for financial reporting, and audit committee functions as the founding chairman of the board of Bank of Petaluma from 1985 to 2002, a member of the audit committee of the board of directors of Greater Bay Bancorp from 1999 to 2007, and a director of the Exchange Bank, where he continues to serve on the bank's audit and loan committees.

Compensation Committee. The compensation committee presently is composed of Thomas L. Seavey (Chairman), Daniel G. Libarle, Rodger Offenbach, and Susan W. Pomilia, all of whom are considered independent under NASDAQ rules. The compensation committee met three times during fiscal year 2017. This committee has the responsibility of approving the compensation arrangements for our executive officers, including annual equity awards, which were approved on September 30, 2017, and annual cash bonuses, which were approved on October 9, 2017. It also recommends to the board of directors adoption of any compensation plans in which our officers and directors are eligible to participate and makes grants of employee stock options and other stock awards under our incentive plan. Our executive officers do not determine their own compensation. However, the chief executive officer, after consultation with the company's other two executive officers, recommends to the compensation committee the amount of base salary, cash bonus, company 401(k) contribution, and equity compensation for the other two executive officers, as well as the amount of his own company 401(k) contribution and equity compensation, based on salary surveys and the experience and performance of our executive officers. The compensation committee does not have any arrangements with compensation consultants. As a small company, our compensation committee relies upon its business judgment in making compensation decisions for our executive officers. The compensation committee is also responsible for reviewing and approving all related party transactions.

Nominating Committee. The nominating committee presently is composed of all directors who are considered independent under NASDAQ rules: Susan W. Pomilia (Chairman), Henry Hansel, Daniel G. Libarle, Rodger Offenbach, and Thomas L. Seavey. The nominating committee met once during fiscal year 2017. The principal responsibilities and functions of the nominating committee include making recommendations for director nominees to the full board of directors for the next annual meeting of shareholders.

Qualifications for consideration as a director nominee vary according to the particular areas of expertise sought to complement the existing board composition. However, in making its nominations, the nominating committee considers, among other things, an individual's business experience, industry experience, financial background, breadth of knowledge about issues affecting Hennessy Advisors, time available for meetings and consultation regarding Hennessy Advisors' matters, and other particular skills and experience possessed by the individual. In considering the diversity of a candidate, the committee considers a variety of factors including, but not limited to, age, gender, and ethnicity. We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions, although we may in the future retain a third-party search firm if the nominating committee deems it appropriate.

Leadership Structure

The board currently believes it is in the best interests of the company to combine the positions of chairman and chief executive officer because this provides the company with unified leadership and direction. In addition, our current chairman and chief executive officer has an in-depth knowledge of our business that enables him to effectively set appropriate board agendas and ensure appropriate processes and relationships are established with both management and the board of directors, as our board works together to oversee our

management and affairs. The board has not appointed a lead independent director. The board has determined that its leadership structure is appropriate for the company.

Board Role in Risk Oversight

The board, together with the audit committee, has oversight for our risk management framework, both investment risk and operational risk, and is responsible for helping to ensure that our risks are managed in a sound manner. In this regard, the directors oversee an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full board in setting our business strategy is a key part of the directors' assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the company. The board has determined that its risk oversight is appropriate for the company. The board has adopted a Code of Ethics for Hennessy Funds Trust and Hennessy Advisors that applies to our directors and employees, the full text of which is available at www.hennessyadvisors.com. Each of our directors and employees annually confirms in writing that he or she has reviewed and will fully comply with the Code of Ethics.

Policies and Procedures for Submitting Recommendations for Potential Director Nominees for the 2019 Annual Meeting of Shareholders

The nominating committee considers recommendations for potential director nominees from many sources, including members of the board, advisors, and shareholders. The nominating committee uses the same process to evaluate director nominees recommended by shareholders as it does to evaluate director nominees identified by other sources. In order to be a valid submission for recommendation to the nominating committee for a potential director nominee, the form of recommendation must be addressed to the nominating committee, be received at our principal executive offices no later than August 17, 2018 (which is 120 calendar days prior to the anniversary of the date on which we released this proxy statement to our shareholders), and include all of the same information that our bylaws require for any director nominations proposed to be presented at the annual meeting. The specific information that must be included with a recommendation for a potential director nominee has not changed since we previously disclosed the requirements in our proxy statement for the 2017 annual meeting of shareholders. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Shareholder Recommendation for Director." The mailing address for our principal executive offices is 7250 Redwood Boulevard, Suite 200, Novato, California 94945.

Related Party Transactions

Related Party Transactions Policy. Under the company's written policy approved by the board regarding related party transactions, the compensation committee must review and approve all such transactions. A related party transaction is any transaction that is reportable by the company under paragraph (a) of Item 404 of Regulation S-K in which the company is or will be a participant, the amount involved exceeds \$120,000, and any director, nominee for director, executive officer, or person known to the company to be a beneficial owner of 5% or more of its voting securities, or an immediate family member of any of the foregoing, has or will have a direct or indirect material interest. Pursuant to the company's related party transactions policy, each executive officer, director, and director nominee must provide written notice of any potential related party transaction to the general counsel. The general counsel, in consultation with company management, then evaluates the potential transaction to determine whether it is a related party transaction. If it is, the general counsel submits the potential transaction to the compensation committee for review. The compensation committee then reviews all material facts of the potential transaction and either approves or disapproves entry into the related party transaction, unless it is determined that approval by the entire compensation committee prior to entrance into the transaction is impracticable under the circumstances, in which case the chairman of the compensation committee is authorized to review and approve the transaction at his discretion. Among other factors it deems appropriate, the compensation committee will take into account

whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction in deciding whether to approve or ratify a related party transaction. If a related party transaction will be ongoing, the compensation committee may establish guidelines for company management to follow in its ongoing dealings with the related party. The compensation committee then reviews and assesses those guidelines and compliance therewith on at least an annual basis.

2017 Related Party Transactions. During fiscal year 2017, there have been no related party transactions of more than \$120,000, except as described below.

Alan J. Hennessy, son of Neil J. Hennessy, is employed by the company and serves as vice president of corporate administration of our mutual funds. The restricted stock units vest at a rate of 25% per year over four years. In addition, he received other benefits on the same terms available to all other employees of the company, including eligibility for awards of restricted stock units. His compensation is commensurate with his peers' compensation.

Daniel P. Hennessy, son of Neil J. Hennessy, is employed by the company and serves as assistant vice president and associate analyst of our mutual funds. He earned a total of \$154,315 in fiscal year 2017, consisting of base salary, cash bonus, and a grant of restricted stock units at a grant date stock price of \$15.15 per share. The restricted stock units vest at a rate of 25% per year over four years. In addition, he received other benefits on the same terms available to all other employees of the company, including eligibility for awards of restricted stock units. His compensation is commensurate with his peers' compensation.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Overview

The goal of our compensation program is the same as our broader company-wide goal: to create long-term value for our shareholders. In an effort to achieve this goal, we have designed and implemented our compensation program to (1) encourage our executive officers to remain with us for long and productive careers and (2) align the interests of our executive officers with the interests of our shareholders. We believe that most of our compensation elements simultaneously fulfill both of these objectives. The principal elements of our compensation program are salary, bonus, equity awards, company 401(k) contributions, severance payments, and payments in the event of a change of control.

Compensation Objectives

Retention. Given our small number of high-level executives, all of our executive officers are essential to our success. Our executive officers are experienced in the mutual fund industry and are presented with other professional opportunities in the industry from time to time, including opportunities at potentially higher compensation levels. We believe it is critical to our success that turnover among our executive officers remains low and that our executive officers remain driven to achieve their individual and company-wide goals. Key elements of our compensation program that are designed to maximize executive officer retention include:

- equity awards that vest over a four-year period;
- competitive base salaries;
- company 401(k) contributions; and
- severance or change of control agreements.

Alignment. We seek to align the interests of our executive officers with the interests of our shareholders. Key elements of our compensation program that are designed to do so include:

- cash bonuses based on individual and company-wide performance; and
- equity awards, which link a significant portion of compensation to shareholder value because the total value of those awards corresponds to stock price appreciation, and which provide an added incentive for our executive officers to focus on long-term performance and profitability.

Emphasis on variable “at risk” compensation. The compensation committee considers how our current compensation policies, including incentive opportunities, affect the company’s risk profile and does not believe that our compensation policies encourage excessive or inappropriate risk taking. The compensation committee seeks to align the interests of our executive officers with the interests of our shareholders by utilizing a balanced approach to total compensation, whereby a significant percentage of each executive officer’s total compensation is based on individual and company-wide performance on both a short- and long-term basis. For fiscal year 2017, half of the total amount of compensation and benefits paid to our employees, including our executive officers, was based on the financial performance of the company on both a short- and long-term basis. In evaluating compensation risks, the compensation committee considers (1) the company’s key compensation policies from a risk perspective, (2) the risks disclosed in our most recent Annual Report on Form 10-K and the impact of compensation policies and practices on such risk factors, (3) whether additional risks, not previously disclosed as a risk factor, might be created from our compensation policies and practices, and (4) whether any identified risks are reasonably likely to have a material adverse effect on the company. Based on the factors considered by the compensation committee, the committee has concluded that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the company.

Say-on-Pay and Say-on-Frequency

An advisory vote relating to the compensation of our executive officers occurred at the 2017 annual meeting of shareholders. Shareholders indicated strong support of our executive compensation programs, with approximately 95% of votes cast approving, by a non-binding advisory vote, the compensation of our executive officers. In light of this strong support, which we believe demonstrates our shareholders’ satisfaction with the alignment of our executive officers’ compensation with the company’s performance, the compensation committee maintained substantially the same compensation approach for fiscal 2017. In addition, because a substantial majority of the votes cast on our say-on-frequency proposal at the 2014 annual meeting of shareholders were in favor of having a say-on-pay vote every three years, we will hold our next say-on-pay vote at the 2020 annual meeting of shareholders. We will hold our next say-on-frequency vote at the same meeting.

Process for Determining Compensation of Our Executive Officers

The compensation committee is responsible for establishing and administering our policies governing the compensation of executive officers. Our chief executive officer receives a salary and a formulaic quarterly cash bonus pursuant to his employment agreement. He recommends to the compensation committee, after consultation with the company's other two executive officers, the amount of base salary, cash bonus, company 401(k) contributions, and equity compensation for the other two executive officers, as well as the amount of his own company 401(k) contribution and equity compensation. The chief executive officer's recommendations are based on his experience, the performance of our executive officers, and third-party salary survey data from McLagan. McLagan has an extensive database on compensation for most investment management companies, including private companies for which information is not otherwise generally available. McLagan summarizes data by position across multiple companies without specifically identifying information for a particular company. We compare our executive positions to what we determine to be positions of similar scope and complexity. We believe this comparative data is useful and appropriate in establishing competitive compensation levels for our executive officers.

The compensation committee does not have any arrangements with compensation consultants. In recognition of the fact that we are a smaller company, our compensation committee relies upon its business judgment in making compensation decisions for our executive officers. With respect to each area against which our executive officers are evaluated, the compensation committee reviews company performance and each executive officer's performance during the year against targeted performance and then evaluates whether individual and company-wide objectives set during the prior year's review were achieved. Specific factors affecting compensation decisions for executive officers include, but are not limited to, the following:

- key financial measurements, such as annual net income and year-end cash balance;
- compliance with loan covenants;
- compliance with applicable regulatory requirements;
- maintaining and improving the marketing and sales program for our mutual funds;
- the ability to lead and effectively manage the company's employees, multiple offices, and several sub-advisors;
- preparing and effectively executing short- and long-term strategic plans for the company; and
- providing administrative services, shareholder services, and investment advisory services to 14 open-end mutual funds and their parent company, Hennessy Funds Trust.

Elements of Our Compensation Program

Base Salaries. Base salaries are used to provide a fixed amount of compensation for an executive officer's regular work. According to the most recent McLagan salary survey, the base salaries for our executive officers are in the bottom half of all financial services companies participating in the survey. Base salaries for executive officers are reviewed annually and may be adjusted from time to time by the compensation committee.

Bonuses. Mr. Hennessy receives a quarterly incentive-based bonus pursuant to an employment agreement we entered into with him relating to his service as the chairman of the board of directors, president, and chief executive officer of Hennessy Advisors and as chief investment officer and portfolio manager for our mutual funds. Specifically, Mr. Hennessy receives a quarterly incentive-based bonus in the amount of 10% of the company's pre-tax profits for each fiscal quarter, as computed for financial reporting purposes in accordance with accounting principles generally accepted in the United States of America, except that pre-tax profit is computed without regard to (1) bonuses payable to employees (including related payroll tax expenses)

for the fiscal year, (2) depreciation expense, (3) amortization expense, (4) compensation expense related to restricted stock units (or other stock-based compensation expense), and (5) asset impairment charges (such amount, for each quarter, the “Quarterly Bonus”). With respect to any fiscal quarter in which a Quarterly Bonus is earned, Mr. Hennessy receives 50% of such Quarterly Bonus within 75 days following the end of such fiscal quarter and the remaining 50% is held in a reserve account. If there is a quarterly pre-tax loss (computed in the same manner as pre-tax profit) during any fiscal quarter during the same fiscal year with respect to which a Quarterly Bonus is paid, the reserve account is reduced by an amount equal to such pre-tax loss multiplied by the same 10% amount used to determine his Quarterly Bonus. If there is a positive balance in the reserve account at the end of the fiscal year, such positive amount is paid to Mr. Hennessy within 75 days following the end of such fiscal year. If there is a negative balance in the reserve account at the end of the fiscal year, the negative reserve is cancelled and is not carried forward into the next fiscal year. More information regarding Mr. Hennessy’s employment agreement is described below under “Potential Payments upon Termination or Change of Control.”

Bonuses for our executive officers other than Mr. Hennessy are paid out of a general bonus pool for all employees. The total bonus pool is set as a percentage of pre-tax profits and therefore fluctuates based on the company’s overall performance. Our executive officers determine the percentage amount to be accrued in the bonus pool each year and review that percentage amount quarterly based on the current performance of the company. Each executive officer’s (other than Mr. Hennessy’s) portion of the bonus pool is based approximately 40% on individual performance and approximately 60% on company-wide performance, as discussed in his or her compensation review. Each year, our executive officers set company-wide objectives that are then presented to the board. Individual performance objectives are based on customer focus, teamwork, ethics, work product and quality, and attitude. For fiscal year 2017, company-wide objectives included maintaining profitability, remaining compliant with our bank loan covenants, maintaining and expanding our compliance program, managing our organizational structure, improving and expanding our distribution, marketing, and sales program, expanding staff, and pursuing strategic business opportunities. Because the bonus accrual is based on a percentage of pre-tax profits, the bonus is automatically aligned with our performance.

Equity Awards. We believe that the use of equity awards helps us to maintain a strong association between the compensation of our executive officers and the long-term interests of our shareholders. Furthermore, we believe that restricted stock units are the most effective equity compensation tool for a company of our size because restricted stock units can provide the same value to executive officers as stock options, but with less dilution to earnings per share. All of our restricted stock unit awards vest over a four-year period, which we believe provide added incentive to our executive officers to focus on long-term performance and profitability and encourage executive retention. Each year, following its annual performance review of our executive officers, the compensation committee determines the amount of restricted stock units to award to our executive officers, if any, and sets the aggregate amount of restricted stock units to be awarded to employees, if any, on a subjective basis based on our budget limitations for future years and the number of shares available for issuance under the company’s Amended and Restated 2013 Omnibus Incentive Plan.

Company 401(k) Contributions. We use 401(k) contributions as a means of compensating and retaining our executive officers while also instilling in them the idea that retirement planning is essential. The company 401(k) contribution is optional from year to year and is awarded to our executive officers on the same basis that it is awarded to all employees. It is not based on performance or goal achievement. The percentage level of the contribution is subjective and is determined by our executive officers annually for all employees and, with respect to the executive officers, is also approved by the compensation committee.

Severance or Change of Control Agreements. Mr. Hennessy’s employment agreement provides for certain payments upon the occurrence of specified events, including termination of employment or the failure by the company to have an acquiror of all or substantially all of the company’s assets assume Mr. Hennessy’s employment agreement. We believe that the right to these payments provides job security for Mr. Hennessy and allows him to focus on the performance of our company.

We have also entered into bonus agreements with Ms. Nilsen and Mr. Steadman that provide for payments in the event of a change of control. The change of control payments are intended to allow Ms. Nilsen and Mr. Steadman to focus on their performance and to ensure a smooth transition in the event of a change of control. Ms. Nilsen and Mr. Steadman would be paid with or without termination in the event of a change of control in order to allow them to stay focused on our best interests and interests of our shareholders in the event a change of control is anticipated or occurs.

In addition, the restricted stock unit award agreements between the company and each of our executive officers provide that all restricted stock units held by an executive officer will immediately vest in full (1) if the executive officer's employment terminates as a result of death, disability, or retirement at a time when the company would not be able to terminate the executive officer for cause or (2) upon a change of control of the company.

More information regarding these agreements and an estimate of the amount of compensation that would have been payable to our executive officers upon a termination of employment or change of control, as if each such event had occurred on September 30, 2017, is described below under "Potential Payments upon Termination or Change of Control."

Nonqualified Deferred Compensation Benefits. We do not offer a nonqualified deferred compensation plan to any of our employees.

Pension Benefits. We do not sponsor any pension plans.

Other Compensation. Benefits and perquisites provided to our executive officers are generally the same as those offered to all employees. We pay for a car allowance, premiums on life insurance, and premiums on disability insurance for Neil J. Hennessy pursuant to the terms of his employment agreement. We also pay for club memberships for each of our executive officers.

Tax Treatment. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally limits our income tax deduction for compensation paid in any taxable year to our executive officers, excluding our chief financial officer, that exceeds \$1,000,000. However, certain forms of performance-based compensation are excluded from the \$1,000,000 deduction limit if certain requirements are met. The compensation committee considers the impact of Section 162(m) when determining base salary, cash bonuses, equity awards, and other compensation for our executive officers, but tax deductibility is only one of several factors considered by the compensation committee in the design and implementation of our compensation program. Therefore, the compensation committee may approve compensation that will not meet the requirements of Section 162(m) in order to ensure competitive compensation levels and structures for our executive officers.

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee recommends to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Annual Report on Form 10-K for the year ended September 30, 2017.

Employment Agreement

At the time of our initial public offering, we entered into an employment agreement with Mr. Hennessy. Most recently, on October 10, 2016, we amended and restated that employment agreement to provide for Mr. Hennessy's continued service as the chairman of the board of directors, chief executive officer, and president of the company and chief investment officer and portfolio manager for our mutual funds through February 21, 2019, with automatic one-year renewals unless either party gives written notice to the other at least 60 days prior to the expiration of the then-current term.

Under the terms of his employment agreement, Mr. Hennessy is entitled to (1) an annual base salary of \$350,000, which amount may be increased in the board of directors' sole discretion at the start of each calendar year, (2) certain performance-based incentive awards (as described below), and (3) participate in our benefit plans. In the event that (A) Mr. Hennessy's employment is terminated by the company without cause or (B) Mr. Hennessy terminates his employment with the company for good reason, Mr. Hennessy is entitled to receive a lump-sum payment within 30 days of the end of the quarter in which the termination date occurs (except to the extent payment is required to be delayed pursuant to Section 409A of the Code) equal to the sum of (i) (A) one year's full base salary and an average annual bonus for the three most recent fiscal years prior to the termination of employment multiplied by (B) two and (ii) a pro-rated Quarterly Bonus for the quarter in which the termination occurs. In addition, under the foregoing circumstances, Mr. Hennessy is also entitled to receive payment of any previously earned and deferred Quarterly Bonus in the reserve account following the end of the fiscal year in which his employment terminates. In the event Mr. Hennessy is terminated for cause or terminates his employment with the company without good reason, no severance will be payable.

If the employment agreement terminates as a result of death or disability, Mr. Hennessy is entitled to all bonuses earned or accrued as of the date of termination. Furthermore, in the case of disability, Mr. Hennessy is also entitled to continue receiving his base salary and benefits until the date he begins receiving benefits under a disability plan or policy, but in no event for longer than three months.

In the event of a sale, transfer, or other disposition of all or substantially all of our assets or business, whether by merger, consolidation, or otherwise, we may assign the employment agreement and its rights, provided that the successor assumes all of our obligations under the employment agreement.

If any payment or benefit under the employment agreement and any other agreement, plan or arrangement would constitute an excess parachute payment under Section 280G of the Code, then Mr. Hennessy will receive either the full amount of such payments and benefits or a lesser amount such that no portion of the payments and benefits will be subject to the excise tax, whichever would result in a greater after-tax benefit to Mr. Hennessy.

The employment agreement defines the terms listed below as follows:

- Cause would exist if Mr. Hennessy:
 - is convicted of, or enters a plea of nolo contendere to, a felony (other than a traffic related offense) under any state, federal, or local law or any felony involving the company, where conviction includes any final disposition of the charge that does not result in the charges being completely dismissed or Mr. Hennessy's being completely acquitted;
 - materially breaches (1) the employment agreement or (2) the company's policies and procedures, which breach is not cured, if capable of being cured, after written notice within 30 days of the date notice of such breach is received by Mr. Hennessy; or
 - engages in willful or gross misconduct or willful or gross negligence in performing his duties, or fraud, misappropriation, or embezzlement.

- Good reason means:
 - the assignment to Mr. Hennessy of duties materially inconsistent with his position, authority, duties, or responsibilities as of October 10, 2016; or
 - any action or omission that results in a material diminution of the position, authority, duties, or responsibilities of Mr. Hennessy as of October 10, 2016;
 - a material reduction in Mr. Hennessy's annual base salary (other than a reduction that applies generally to the Company's senior management);
 - the relocation, without Mr. Hennessy's prior written consent, of his principal place of employment to a location more than 50 miles away (measured in the shortest driving distance) from his principal place of employment on October 10, 2016;
 - the failure by the Company to have an acquirer of all or substantially all of the Company's assets assume Mr. Hennessy's employment agreement;

provided, in any case, that Mr. Hennessy (1) provides notice to the company of the existence of the condition constituting good reason within 90 days of its initial existence and (2) allows the company 30 days to remedy the condition.

- Disability means a physical or mental disability or infirmity that prevents Mr. Hennessy from performing substantially the duties assigned to him (based upon such competent medical evidence as shall be presented to the company by any physician or group of physicians or other competent medical experts employed by the company) for a continuous period of more than 180 days.

Restricted Stock Unit Award Agreements

The restricted stock unit award agreements between the company and each of our executive officers provide that all restricted stock units held by an executive officer will immediately vest in full (1) if the executive officer's employment terminates as a result of death, disability, or retirement at a time when the company would not be able to terminate the executive officer for cause or (2) upon a change of control of the company.

The Amended and Restated 2013 Omnibus Incentive Plan, under which the restricted stock unit award agreements are issued, defines the terms listed below as follows:

- Disability, with respect to restricted stock unit awards, is defined to mean, except as otherwise determined by the compensation committee and set forth in an award agreement, the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of at least 12 months, as determined by the compensation committee.
- Retirement means, except as otherwise determined by the compensation committee and set forth in an award agreement, termination of employment with the company and its affiliates (for other than cause) on a date the participant is then eligible to receive immediate early or normal retirement benefits under the provisions of any of the company's or its affiliate's defined benefit pension plans, or if the participant is not covered under any such plan, on or after attainment of age 55 and completion of 10 years of continuous service with the company and its affiliates or on or after attainment of age 65 and completion of five years of continuous service with the company and its affiliates, where "cause" means (1) if the participant is subject to an employment agreement with the company or an affiliate that contains a definition of "cause", such definition, or (2) otherwise, except as otherwise determined by the compensation committee and set forth in an award agreement, any of the following as determined by the compensation committee: (A) violation of the provisions of any employment agreement, non-competition agreement, confidentiality agreement, or similar agreement with the company or an affiliate, or the company's or an affiliate's code of ethics, as then in effect; (B) conduct rising to the level of gross negligence or willful misconduct in the course of employment with the

company or an affiliate; (C) commission of an act of dishonesty or disloyalty involving the company or an affiliate; (D) violation of any federal, state or local law in connection with the participant's employment or service; or (E) breach of any fiduciary duty to the company or an affiliate.

- A change of control is the occurrence of one or more of the following events:
 - an acquisition, in any one transaction or series of transactions, after which any individual, entity or group has beneficial ownership of 50% or more of either the then outstanding shares of our common stock or the combined voting power of our then outstanding voting securities, but excluding an acquisition (1) by us or any of our employee benefit plans (or related trusts), (2) by Neil J. Hennessy or any affiliate, or (3) by any corporation which, following the acquisition, is beneficially owned, directly or indirectly, in substantially the same proportions, by the beneficial owners of the common stock and voting securities of the company immediately prior to such acquisition; or
 - 50% or more of the members of our board of directors (1) are not continuing directors, or (2) are nominated or elected by the same beneficial owner or are elected or appointed in connection with an acquisition of the company; or
 - the (1) consummation of a reorganization, merger, share exchange, consolidation or similar transaction, with respect to which the beneficial owners of the company immediately prior to such transaction do not, following such transaction, beneficially own more than 50% of the then outstanding shares of common stock and voting securities of the corporation resulting from the transaction, (2) consummation of the sale or other disposition of all or substantially all of the assets of the company or (3) approval by the shareholders of the company of a complete liquidation or dissolution of the company.

OTHER GOVERNANCE MATTERS

Future Rule 14a-8 Shareholder Proposals

SEC regulations permit shareholders to submit proposals for inclusion in our proxy statement if the shareholder and the proposal meet the requirements specified in Rule 14a-8 under the Exchange Act. Any shareholder proposals for the 2019 annual meeting of shareholders submitted in accordance with Rule 14a-8 under the Exchange Act must be received at our principal executive offices no later than August 17, 2018.

Future Annual Meeting Business

Under our bylaws, any shareholder who intends to propose a director nomination or propose other business at an annual meeting, other than shareholder proposals presented under Rule 14a-8 under the Exchange Act for inclusion in our proxy materials, must give advance written notice that contains certain required information to our corporate secretary. We must receive this written notice no later than 90 days, and no earlier than 120 days, before the first anniversary of the previous year's annual meeting. Accordingly, for the 2019 annual meeting of shareholders, written notice must be received by the corporate secretary between the close of business on September 27, 2018, and the close of business on October 27, 2018. However, as provided in the bylaws, different deadlines apply if the 2019 annual meeting of shareholders is called for a date that is more than 30 days before or more than 70 days after the anniversary date of the 2018 annual meeting of shareholders. Such notices must comply with the procedural and content requirements of the bylaws. We will not entertain any proposals of director nominations or other business at the 2019 annual meeting that do

not meet the requirements set forth in our bylaws. Further, if the shareholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Exchange Act, the persons named as proxies will be allowed to use their discretionary voting authority when and if the matter is raised at the annual meeting.

Shareholders should mail all notices of proposed director nominations or other business to our corporate secretary, Teresa M. Nilsen, at Hennessy Advisors, Inc., 7250 Redwood Boulevard, Suite 200, Novato, CA 94945. You may obtain a copy of our bylaws from our corporate secretary by written request to the same address.

Nilsen, at Hennessy Advisors, Inc., 7250 Redwood Boulevard, Suite 200, Novato, California 94945. The mailing envelope should contain a clear notation indicating that the enclosed letter is a "Shareholder-Board Communication" or "Shareholder-Director Communication." Multiple Shareholders with the Same Address

This procedure, referred to as householding, reduces the volume of duplicate materials shareholders receive and reduces mailing expenses. You may revoke your consent to future householding mailings or may enroll in householding by contacting your bank, broker, or other holder of record. If you would like to receive a separate copy of this proxy statement and our annual report on Form 10-K for the fiscal year ended September 30, 2017, please submit a written request to our corporate secretary, Teresa M. If any other matter should come before the meeting, action on the matter will be approved if the number of votes cast in favor of the matter exceeds the number opposed.

Proxy Solicitation

We will bear the cost of soliciting proxies. We may reimburse brokers and other persons holding stock in their names, or in the names of director nominees, for their expenses for sending proxy material to principals and obtaining their proxies. Our directors, officers, and other employees, without additional compensation, may solicit proxies personally or in writing, by telephone, e-mail, or otherwise.
